

Welcome to the 9th Annual Monticello Photo Show • March 24-25, 2012

We hope you enjoy viewing and voting on the 226 entries in the 10 categories this year. Each photographer is limited to one photo each in up to four categories. We try to encourage natural photos, therefore those with editing, HDR, or special effects are in the Creative Techniques group. The Open category was set up to catch those that did not fit in any other group. The varying quantities of photos in each group depend on what we receive. We do have limited board space, but try to include all we can that are submitted at this point. Photographers of all ages and levels are encouraged to participate.

This is the first year that the Monticello Camera Club is solely in charge of the Monticello Photo Show. Signature business sponsors include: TDS Telecom and River City Extreme which is now our new location with improved lighting. We also want to recognize Lynne Dahl-Fleming, Design for Print and Web, for design, printing services, as well as photo show advice. Lynne took the lead role for the past 8 years when the show was sponsored by the Monticello Arts Council along with the assistance of our Monticello Camera Club. Again this year, several members from the Monticello Camera Club spent countless hours organizing and volunteering hours to make the annual photo show a success! Visit the website: MontiCameraClub.com
