Welcome to the 10th Annual Monticello Photo Show
March 23-24, 2013

We hope you enjoy viewing and voting on the 202 entries in the 12 categories this year. Each photographer is limited to one photo each in up to four categories. We try to encourage natural photos, therefore those with editing, HDR, or special effects are in the Creative Techniques group. The varying quantities of photos in each group depend on what we receive. We do have limited board space, but try to include all we can that are submitted at this point. Photographers of all ages and skill levels are encouraged to participate.

Again this year, several members from the Monticello Camera Club spent countless hours organizing and volunteering hours to make the annual photo show a success!

The photo show includes additional displays and demonstrations by the Monticello Camera Club.
Please Join Us at Meetings!
We meet the third Wednesday of each month in the banquet room here at River City Extreme from 7-9 pm. Guests may attend one or two meetings for free before joining and paying our $12 annual dues. We welcome all levels of photographers!

Place Your Votes!
We ask patrons to vote for their favorite photos on display in each category. We count the ballots and then award BEST of SHOW in each category.
