

Welcome to the 12th Annual Monticello Photo Show

March 14-15, 2015

We hope you enjoy viewing and voting on the 171 entries in the 12 categories this year. Thanks to the 54 photographers who entered this year's contest! Each photographer is limited to one photo each in up to four categories. We try to encourage natural photos, therefore those with editing, HDR, or special effects are in the Creative Techniques group. B&W is allowed in any category. The varying quantities of photos in each group depend on what we receive. We do have limited board space, but try to include all we can that are submitted at this point. Photographers of all ages and skill levels are encouraged to participate.
